

Dear Alumni, Parents and Friends,

As a work-study student in the Development Office, I have learned a great deal about the philanthropic support of our alumni, parents and friends and how their generosity affects each undergraduate and graduate student on campus.

I am a junior at Scranton majoring in occupational therapy and minoring in counseling and human services. My academic course load is rigorous, but I persevere through the constant support of my family and friends and through the knowledge that thousands of Scranton graduates before me have made a similar journey to attaining their goals.

Alumni, parents and friends who give to Scranton humble me on a daily basis. I am grateful for the true commitment of our donors and know that I stand on the shoulders of a Scranton family that supports me through their thoughts, prayers and generosity.

My experiences have shown me the importance of annual support from our loyal alumni, parents, and friends. I want to thank you for your essential role at Scranton and invite you to give to ***The Royal Fund*** this academic year. Giving is made easy by visiting our secure web site at www.scranton.edu/makeagift or calling 570.941.7725 to make a gift by phone. Your contribution will have an immediate impact on me and the entire student body!

Thank you for maintaining Scranton's level of excellence through your support and for being such a powerful force in my education and in the education of my fellow Royals.

Sincerely,

A handwritten signature in black ink that reads "Kim Holtermann". The signature is written in a cursive, flowing style.

Kim Holtermann '11
